

A photograph featuring a lamp with a copper-colored, ribbed shade and a wooden base. The lamp is positioned on the left side of the frame, with its shade partially open, revealing a warm, glowing light. The background is a roll of wallpaper with a repeating pattern of stylized, elongated leaves in a muted green color. The leaves are arranged in a staggered, vertical pattern. The text "ROLL BLINDS" is printed in a clean, sans-serif font in the center-right of the image.

Other Special System Type Duo Roll & Cordless Blinds

Duo Roll Blinds (Large size only)
(Manual, Touch, Motorized)

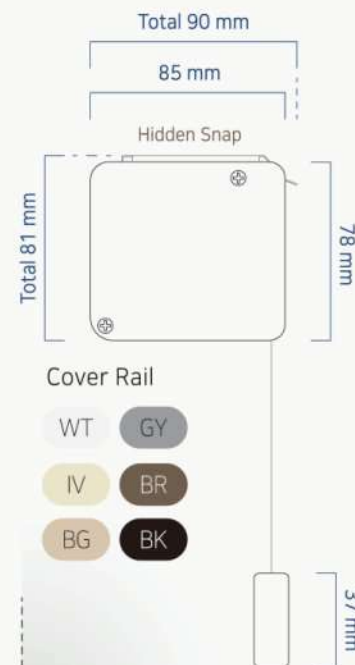

D Type Bottom Rail (Manual)

WT IV BG BR DC BK GY

'Duo Roll Blind' allows two different types of fabrics or systems used in a single product (EX: Sheer fabric + Blackout fabric, Roller blind + Combi blind)

Touch Blinds (Regular size only)
Cordless

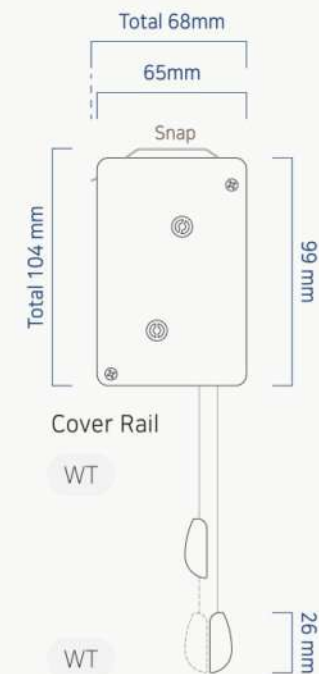

Square Bottom Rail

WT IV BG BR BK GY

'Touch blind' is cord-free blinds that operate by simply pulling down the bottom rail by hand, making them convenient, visually minimal, and safer for children by eliminating hanging cords. 'Double Roll Touch Blinds' can be fitted with two different types of fabric.

Double Roll Touch Blinds (Single size)
Cordless Only

Dedicated (Magnetic) Bottom Rail : Two rails can be joined together and used simultaneously.
